N issuing this preliminary list, we are listing only a few of the leaders and the most popular sorts as well as a few of the newer ones. This will enable our customers to place their orders before the spring rush has cleaned us out of many of the best sellers. Send for our regular spring catalogue which will be issued about January 1, 1929, for a complete list.

We wish to thank our customers for their patronage in the past and assure you that we will do our best to warrant a continuance of the same.
